Area Representatives Reports:

Area One Representative Michael Morofsky reported that he is working on a couple of street sign repairs on the corners of Pattengill and Cooper as well as Marion and Poxson. The 1600-1700 block area of Lenore had a home that was previously foreclosed and has now been purchased.

Area Two Representative Mary Bechtol reported no business.

Area Three Representative David Tkaczyk reported no business and no calls.

Lansing City Council: Carol Wood reported on all the activities of the City Council. She distributed the Do 1 Thing 2009 calendar that focuses on taking steps to prepare for an emergency. She also reported that 2 gentlemen on the east side posed as BWL employees and struck a senior while burglarizing the home. Steps can be taken to eliminate this such as asking for identification or calling the utility for verification. A public hearing at BWL will be held on 1/26 at 5:30 on Haco Drive to discuss the 2.5% increase. January 26th is Mayor Virg Bernero's State of the City address at Holmes Street School. Cards were distributed by Carol Wood with information regarding a pharmaceutical company. This company developed a card that

allows people to get a discount on prescription drugs. The information is documented by the pharmaceutical company and submitted to the Federal Government. Election of new officers for Council and committees were reported. Discussed the Hedley Amendment regarding rising property assessments vs. decreasing property values. Neighborhood stabilization is an issue and the goal is to sell foreclosed homes to owner/occupiers instead of renters. Reported close to 1000 foreclosed homes in the city of Lansing. The city will try to incorporate traffic easements on all four corners of the intersection at Holmes Rd. and Pleasant Grove Rd.
